

Mario Ohashi da Trindade

Full Stack Developer | React.js | Node.js | TypeScript | .NET

Curitiba, Paraná – Brasil | mario.ohashi@gmail.com | +55 (41) 99927-1730 | [LinkedIn](#) | [GitHub](#)

Professional Summary

Versatile Full Stack Developer with a strong background in enterprise digital environments and a solid foundation in modern web technologies. Experienced in delivering scalable web applications and collaborating in global agile teams. Backed by a hybrid background in Design, bridging the gap between user experience (UI/UX) and technical execution. Currently focused on high-code web development using **React, TypeScript, and Node.js**, combining professional engineering experience with continuous backend studies.

Professional Experience

Full Stack Web Developer – ExxonMobil Corporation – Curitiba, Brazil

Dec 2023 – Dec 2025 (2 yrs)

- Developed and maintained responsive enterprise web applications for global operations, working with React, JavaScript (ES6+), and TypeScript on the front end, and C# (.NET) and Node.js services on the back end.
- Designed and consumed RESTful APIs to integrate internal systems, ensuring seamless data flow and synchronization across enterprise services.
- Worked in high-productivity ecosystems (including OutSystems), integrating custom code, APIs, and databases to accelerate digital delivery.
- Applied UI/UX and design expertise to translate Figma prototypes into reusable components, prioritizing performance, accessibility, and interface usability.
- Collaborated in global Agile (Scrum) teams, participating in sprint planning, code reviews, and deployment workflows via Azure DevOps.

IT / Web Development Intern – ExxonMobil Corporation – Curitiba, Brazil

Jan 2023 – Dec 2023 (1 yr)

- Supported web system development initiatives, software testing, and internal process digitalization for global business units within an Agile (Scrum) team.

Founder & Creative Director– Ohashi Creative Studio – Curitiba, Brazil

Aug 2012 – Oct 2022 (10 yrs 3 mos)

- Led a visual content production agency for 10 years, managing the complete lifecycle of creative projects from initial concept to final delivery.
- Handled client relationship management and stakeholder alignment, gathered requirements, managed budgets, and controlled project scopes and timelines.
- Directed and coordinated multidisciplinary teams in high-pressure environments, live events, and corporate marketing campaigns.
- Applied visual hierarchy, composition, and user experience (UX) principles to design digital media and marketing assets.

Front-End Developer – Inovatório Marketing Digital e Design – Curitiba, Brazil

Sep 2021 – Dec 2021 (4 mos)

- Built and maintained responsive web interfaces using HTML5, CSS3, JavaScript, and WordPress, integrating dynamic features via PHP.
- Collaborated with cross-functional teams in an Agile environment, focusing on UI/UX improvements and cross-browser compatibility.

Freelance Front-End Developer – Stract.to – Curitiba, Brazil

Oct 2020 – Feb 2021 (5 mos)

- Delivered clean, maintainable code for client initiatives.
- Developed custom web components for a Google Sheets extension.

Graphic Designer — First Baptist Church of Curitiba — Curitiba, Brazil

Set 2010 – Out 2011 (1 ano)

- Created visual materials for events and media campaigns.
- Supported the communications team with brand assets, print, and digital media focusing on UX and responsive design principles.
